## Student Completion Rate Report

As an institution offering financial aid programs to students, Northwestern Technological Institute provides students with completion rate information on an annual basis.

### Reporting Period/Completion Rate

For the purpose of this report, Northwestern Technological Institute is required to provide student completion information for a cohort of students for which 150% of the normal time for completion elapsed between September 1, 2015 and August 31, 2016. The first class start where 150% completion time elapsed after September 1, 2015 was the May 27, 2014 class. This class graduated on April 9, 2015 and 150% completion time elapsed as of September 15, 2015. The last class start where 150% completion time elapsed before August 31, 2016 was the April 29, 2015 class. This class graduated on March 15, 2016 and 150% completion time elapsed as of August 18, 2016. For these classes, there were a total of 366 first-time students who entered the Climate Control Technology (CCT) program.

Of the 366 students who entered the CCT program, 225, or 62% completed the program.
