Student Completion Rate Report

As an institution offering financial aid programs to students, Northwestern Technological Institute provides students with completion rate information on an annual basis.

Reporting Period/Completion Rate

For the purpose of this report, Northwestern Technological Institute is required to provide student completion information for a cohort of students for which 150% of the normal time for completion elapsed between September 1, 2016 and August 31, 2017. The first class start where 150% completion time elapsed after September 1, 2016 was the May 18, 2015 class. This class graduated on March 31, 2016 and 150% completion time elapsed as of September 6, 2016. The last class start where 150% completion time elapsed before August 31, 2017 was the May 9, 2016 class. This class graduated on March 23, 2017 and 150% completion time elapsed as of August 29, 2017. For these classes, there were a total of 367 first-time students who entered the Climate Control Technology (CCT) program. Of the 367 students who entered the CCT program, 218, or 59% completed the program.
