

ACCSC Annual Report Graduation/Employment Rates (as reported to ACCSC October 2018)

Graduation Rate

For the most recent ACCSC reporting period, Northwestern Technological Institute's graduation rate was 63%. This rate is for students who started the **Climate Control Technology** program from December 1, 2015 through November 30, 2016, whose 150% completion time elapsed on March 15, 2018. The program population base was 406.

For the Institute's 5-week short-term programs, there were no enrollments during the most recent reporting period.

Employment Rate

For the most recent ACCSC reporting period, Northwestern Technological Institute's employment rate was 93%. This rate is for graduates (254), who were placed who graduated from October 27, 2016 to October 3, 2017, whose 150% completion time elapsed on March 15, 2018.

For the Institute's 5-week short-term programs, there were no enrollments during the most recent reporting period.

Retention Rate

Since the Institution's Climate Control Technology program is less than one year (45 weeks), the Institution does not have a year-to-year retention rate, as defined by the Integrated Postsecondary Education Data System (IPEDS).

NOTE: The ACCSC graduation rate above and the information provided under graduation rates to Student Right to Know Act, are calculated based on different criteria and different time periods.
