

## Student Completion Rate Report

As an institution offering financial aid programs to students, Northwestern Technological Institute provides students with completion rate information on an annual basis.

### Reporting Period/Completion Rate

For the purpose of this report, Northwestern Technological Institute is required to provide student completion information for a cohort of students for which 150% of the normal time for completion elapsed between September 1, 2018 and August 31, 2019. The first class start where 150% completion time elapsed after September 1, 2018 was the May 17, 2017 class. This class graduated on April 3, 2018 and 150% completion time elapsed as of September 6, 2018. The last class start where 150% completion time elapsed before August 31, 2019 was the May 9, 2018 class. This class graduated on March 26, 2019 and 150% completion time elapsed as of August 29, 2019. For these classes, there were a total of 714 first-time students who entered the Climate Control Technology (CCT) program. Of the 714 students who entered the CCT program, 494, or 69% completed the program.
