Student Completion Rate Report

As an institution offering financial aid programs to students, Northwestern Technological Institute provides students with completion rate information on an annual basis.

Reporting Period/Completion Rate

For the purpose of this report, Northwestern Technological Institute is required to provide student completion information for a cohort of students for which 150% of the normal time for completion elapsed between September 1, 2021 and August 31, 2022. The first class start where 150% completion time elapsed after September 1, 2021 was the May 27, 2020 class. This class graduated on April 13, 2021 and 150% completion time elapsed as of 9/16/2021. The last class start where 150% completion time elapsed before August 31, 2022 was the April 28, 2021 class. This class graduated on March 15, 2022 and 150% completion time elapsed as of August 18, 2022. For these classes, there were a total of 638 first-time students who entered the Climate Control Technology (CCT) program. Of the 638 students who entered the CCT program, 546, or 86% completed the program.
