## Student Completion Rate Report

As an institution offering financial aid programs to students, Northwestern Technological Institute provides students with completion rate information on an annual basis.

### Reporting Period/Completion Rate

For the purpose of this report, Northwestern Technological Institute is required to provide student completion information for a cohort of students for which 150% of the normal time for completion elapsed between September 1, 2022 and August 31, 2023. The first class start where 150% completion time elapsed after September 1, 2022 was the May 17, 2021 class. This class graduated on March 31, 2022 and 150% completion time elapsed as of September 6, 2022. The last class start where 150% completion time elapsed before August 31, 2023 was the May 9, 2022 class. This class graduated on March 23, 2023 and 150% completion time elapsed as of August 22, 2023. For these classes, there were a total of 672 first-time students who entered the Climate Control Technology (CCT) program. Of the 672 students who entered the CCT program, 563, or 84% completed the program.
